DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Jackson (US 4,429,856).

Jackson teaches all the claimed subject matter, including a plug shiftable to open the valve upon compression of the stem but closing the valve when the instrument is still in contact with the stem. See particularly figures 2-4.
